TO THE UNFORTUNATE.
NEW REMEDIES, NEW REMEDIES
Dr Gibbon's Dispensary,
16 KEARNEY STREET
SAN FRANCISCO, Established for the treatment of Private Diseases, Seminal Weakness, etc.

Horrible Diseases.
How many thousands of persons both male and female are there who are afflicted with terrible diseases, arising from the effects of youthful indiscretions, or from the contamination of the blood, which has settled in the system. Look at their pallid, sunken countenances, disfigured with blotches and sores, disqualifying them for the happiness of married life. In this horrid situation they suffer until death closes the scene. Let those afflicted and their friends read the following testimonials, and be careful of the quacks who infest all cities, publishing lying advertisements, and thereby deceiving the unwary. Dr. Gibbon can be consulted immediately by those afflicted with any of the above diseases, and can positively cure them. He does not deceive you by using the names of eminent physicians in Europe and other places. Be therefore careful and do not throw away your money, your health and your constitution by consulting ignorant pretenders, who are prowling about the streets, and thereby ruining all those who fall into the hands of such miscreants.

Seminal Weakness.
Seminal Emissions, the consequence of self-abuse in early life, or depraved sexual indulgence, in which the youth of both sexes become an almost unconscious victim, will inevitably result unless the following symptoms are carefully watched for: Dimness of sight, giddiness, wakefulness, dull countenance, dark spots before the eyes, pain in the head, confused ideas, loss of memory, dreadful forebodings, timidity, trembling of the hands, nervousness, dyspepsia, indigestion, constipation of the bowels, universal lassitude of the muscular system, pimples on the face, premature old age, and many other symptoms, all of which are sufficient to warn the unfortunate sufferer that the seminal fluid is being lost from the system, and that nervous prostration, epilepsy or consumption will speedily follow, unless a timely use of the proper remedies is had recourse to. In such cases, and in all diseases of a private nature, Dr. Gibbon's treatment is unfailing. Thousands of cases of the most horrible character have been entrusted to his care, and in every instance a perfect cure has been effected. Dr. Gibbon's treatment for Seminal Weakness is the only known remedy that will restore the lost powers of the generative organs. Impotency, Sterility, Gonorrhœa, Gleet, Stricture, Syphilis, Secondary Symptoms, Diseases of the Kidneys and Bladder, Affections of the Throat, Nose and Skin, Ulcerations, Pains in the Bones, Blotches, Boils, Tumors, Old Sores, Scrofula, and all diseases arising from the use of Mercury, Minerals or Poisons, are treated with unparalleled success.

CURED AT HOME.
Persons at a distance may be CURED AT HOME by addressing a letter to Dr. Gibbon stating case, length of time the disease has continued, and the symptoms will be promptly forwarded, free from observation, to any part of the country with full directions for use. For One Dollar, sealed, safe from exposure, through Wells, Fargo & Co.

Caution to the Unfortunate.
Beware of the San Francisco quacks and pretenders, with bogus certificates, dupes the unwary. Some of the self-styled doctors whose names are in the daily and weekly newspapers of San Francisco and other places are trudgeons, and have to work at their trades. Some are the runners for carriers, intelligence offices, Hotels, etc., for the San Francisco Directory, and their Medical Institutes in full blast, to deceive strangers. Look at the Directory for 1867 and 1868. The only way to avoid being taken in is to make inquiry—it will cost you many regrets; for as advertising physicians, at most of ten, are bogus, there is no safety in employing any of them until you know the standing of the man. Dr. Gibbon does not deceive you by using certificates, fictitious names, etc. Dr Gibbon will satisfy you in his office of his ability to treat disease.

All is over.

Joint Resolutions

Rescinding resolution passed September 19 1866 relative to amending Constitution of the United States, and withdrawing the assent of the State of Oregon to the proposed Constitutional Amendment

WHEREAS, On the 19th day of September, 1866 the following preamble and joint resolution was adopted by the Legislative Assembly of the State of Oregon to wit

"WHEREAS, The Congress of the United States did, by concurrent vote duly adopted by the first session of the Thirty Ninth Congress propose to the Legislatures of the several States the following amendment to the Constitution of the United States, and

"Whereas the amendment as we have already published it at various times [illegible] and

WHEREAS, No amendment to the Constitution of the United States is valid until duly ratified by three fourths of all the States comprising the United States and until such ratification is completed, any State has a right to withdraw its assent to any proposed amendment and

WHEREAS, Hon William H Seward, Secretary of State of the United States, on the 28th day of July, 1868, issued a proclamation reciting, among other things, that the said proposed amendment was ratified by the Legislatures of the State of Arkansas, South Carolina and Georgia and that the same was adopted by more than three fourths of the United States, and

Whereas, The newly constituted and newly established bodies arrogating themselves to be and acting as the Legislatures respectively of the States of Arkansas, Florida, North Carolina, Louisiana, South Carolina Alabama and Georgia were created by a military despotism against the will of the legal governors of the said States under the reconstruction acts (so called) of Congress, which are usurpations, unconstitutional revolutionary and void and consequently the acts of such bodies cannot legally ratify the said proposed Constitutional Amendment for the States which they pretend to represent nor affect the rights of the other States of the Union and

WHEREAS, Also, the said amendment ratifying the said proposed amendment to the Constitution of the United States was adopted by the House of Representatives of the State of Oregon on the 19th day of September, 1866, by a vote of 2d years to 22 nays, and passed by means of the votes of Thomas H Brents and M M McKean, who were illegally and fraudulently returned as members of the said House of Representatives, from the county of Grant, by the said Brents then acting as County Clerk and canvasser of returns for said county and

WHEREAS, On the 22d day of September 1866, the said Thomas H Brents, and M M McKean were declared not entitled to the seats which they had occupied and on the same day J M McCoy and W Kinney were declared to be the only elected members from the county of Grant and who, the 29th day of September, 1866, entered their protest on the Journals of the House of Representatives, and declared therein that if they had not been excluded from the seats to which they were entitled, they would have voted against the resolution ratifying the proposed Constitutional Amendment, and thereby defeated the adoption of the same, and

WHEREAS, On the 6th day of October 1866 the House of Representatives of this State adopted a resolution declaring that the action of that body in ratifying the said proposed Constitutional Amendment did not express the will of the said House as it then stood, after having purged of its illegal members therefore, be it

Resolved by the Legislature Assembly of the State of Oregon, That the above recited resolution adopted by the Legislative Assembly on the 19th day of September, 1866, by fraud, be, and the same is hereby rescinded, and the ratification on behalf of the State of Oregon of the above recited proposed amendment to the Constitution of the United, States is hereby withdrawn and revoked.

Resolved, That any amendment to the Constitution of the United States on the subject of representation, should be proposed by a Congress in which all the States are represented or by a Convention of all the States, whose each could be heard in the proposing, as well as with as in the subsequent ratification of such amendment

Resolved That the Secretary of State be directed to forward certified copies of the foregoing preamble and resolutions without delay to the Secretary of State of the United States, to the President of the Senate and to the Speaker of the House of Representatives of the United States

Deady's Code

[From the Portland Evening Commercial]

The bound volume of the *Herald*, unmindful of his legitimate business of picking up items and publishing them, has turned commentator and "goes after" Deady's code. In the issue of Tuesday he draws a parallel between the punishment imposed for dueling and the use of false weights and measures. As usual, he "puts his foot in it," and blunders sadly. His sage conclusion is that because the code punishes dueling by imprisonment in the penitentiary, and the using of false weights and measures by imprisonment in the county jail or a fine, that therefore it is a Puritan code, and an abomination in the sight of the legal sprig of chivalry Deady's code, in the matter of crimes and punishments in the main, follows the code of 1854. Col Kelly was one of the persons who prepared the code of 1854 and it was enacted in a Democratic Legislature consisting of such men as John F Miller, Judge Pulkerson, Powers of Clatsop, Andrew Shuck Grover, Hamasson and Moffatt. A comparison between the two codes will show that the Democratic one is fully as Puritanical according to Some pleas Deady's. The code of 1854 page 211 defines the crimes connected with dueling and their punishments. Section 21 makes killing in a duel murder in the second degree. So does Deady's code, section 505. Sections 24, 25, and 26, prescribe the punishments for engaging in a duel, though no death ensue for sending or delivering a challenge for accepting or carrying a challenge and for posting another for refusing to fight a duel. The punishment under section 24 is from ten to two years in the penitentiary. Deady's code section 524 for the same offence is ten to one thousand. The latter was never in the cards

Section 25 is for one to two years in the penitentiary, and under section 26 from one year to six months in the penitentiary By the corresponding sections in Deady's code, 525 and 526, the punishment is from one to five years, and one to two years in the penitentiary Deady's code prescribes a punishment for using false weights and measures or an attempt to use them, imprisonment in the county jail from one month to a year, or by a fine of from $50 to $500. The code of 1854 did not punish for using false weights and measures at all, unless it could be punished under section 31, page 218, providing that a person convicted of a gross fraud or cheat at common law, might be punished by a fine of fifty to one thousand dollars. This is called to show that the Democratic code of 1854 punished duelling and the using of false weights and measures at all, but no more than Deady's code, and did not punish for using false weights and measures at all, unless as above stated and then not as severely as Deady's code If this is Puritanism make the most of it.

Semple blunders again, this morning on the same subject, when he raves about the inadequacy of the punishment for seduction, in section 657 This section does not punish seduction but child stealing, the very crime which Semple argues in favor of Section 551 punishes seduction by imprisonment in the penitentiary not more than five years, or by a fine of not more than $1,000 Mr Semple's "clients," if he ever had any, would do well to read the code before they engage in child stealing, as it is not long since a person was convicted, under this section, and fined $200 The abduction was for the purpose of marriage

Says the Chicago *Tribune* of September 9th

We have seen gentlemen from various parts of Wisconsin during the past few days, and they all concur in the opinion that the victory of Grant and Colfax in that State will be one of the most decided and marked in the history of the State. The Republicans are thus early awake with no disturbing elements in their ranks, while the Democratic parhoads are disturbed and demoralized. Public the renegade has been among them for a week or ten days but the opinion is quite universal that his labors are a positive damage to the ticket.

The Boston *Post* says, "We are aiming our blows at the parent of confusion and anarchy. Must be old Blair you're aiming at.

Doings of the Followers of a Carolina Rebel

We print to day the resolution lately introduced into the State Senate to withdraw the assent of Oregon to the fourteenth amendment to the Constitution of the United States for the purpose of letting the people under stand what great fools and liars (no milder characterization will suffice) Democratic members of the Legislature can be

We pass by the first allegation that any State has a right, after its assent is given to an amendment to withdraw that assent at any time before the ratification is completed by three-fourths of the States That point is not material here, though it may be observed that both the Secretary of State and Congress denied the right of New Jersey to rescind after her assent was given The chief falsehood in this part of the preamble is the insinuation that the fourteenth amendment has not been ratified by three-fourths of the States and is therefore not a part of the Constitution

The assertion that the reconstruction acts are 'unconstitutional, revolutionary and void,' and that the governments of the States lately in rebellion are usurpations and cannot legally ratify an amendment to the Constitution of the United States, is an idea for which the author of this rescinding resolution is indebted to a rebel General, a paroled prisoner who originated the phrase and procured its insertion in the New York platform The people of the United States do not propose to receive instruction in constitutional law from this class of persons, even though the Democratic members of the Oregon Legislature adopt them as their guides Congress has decided that those State governments are legitimate, and there is an end of the matter Do the Democratic lawgivers at Salem, who take their principles from the rebel Hampton of South Carolina, propose to assume the function of deciding what States have, and what States have not, legitimate governments? The Supreme Court of the United States says this a matter to be decided by Congress, and after it is so decided, that decision cannot be disturbed by any other branch of the Government Yet the followers of the South Carolina rebel, who control the Oregon Legislature, propose to review and reverse a decision which the supreme tribunal of the nation declares to be final

Another resolution informs us that an amendment was ratified by the votes of members from Grant county who had no right to seats in the House It is true the Republican members from Grant county were ousted after the amendment was ratified,—though wrongfully, for they had a majority of the votes legally polled and cast in that county. But what has that to do with the merits of this question it is indisputable that at the time of the ratification the amendment had a clear majority of the House as then constituted, that the Republican members from Grant county had certificates of election, were prima facie members, and in office Being in office they were members *de facto*, and as such their acts were binding If any other policy then this were allowed, there could be no security whatever for any measure

Next comes a "whereas" declaring that on the 6th of October, 1866, the House adopted a resolution to the effect that the action of the Legislature ratifying the Amendment did not express the will of the said House after the expulsion of some of the Republican members This 6th of October resolution was got through the House when five of the Republican members were thrown out It was engineered by Hermann, who declared in the debate that the resolution did not design to affect the legality of the ratification, but simply to declare the fact in the case." The resolution was got through the House on the 6th, but on the 9th it was reconsidered, and on the 10th it was rejected, and the former action of the House confirmed. Thus on the 10th of October, 1866, the House, by a vote of 24 to 23 (every member being present) refused to declare that the ratification was fraudulent This was after the Republican members from Grant had been ousted and the Democratic contestants placed in their seats. In this particular, also, the resolution introduced last week in the Senate by Trevitt is therefore a lie, and a silly one, worthy of its paternity

The first of the resolutions following the linked "whereasses" so long drawn out, could have emanated only from an incurable fool The idea that Oregon can withdraw her assent to an amendment to the National Constitution, and that after such amendment has been declared by legislative authority duly adopted and a part of that instrument, could have had its origin only in the brain of one of the constitutional lawyers who are so numerous among the Oregon Democracy.

Another resolution informs us that an amendment to the Constitution of the United States should be proposed by a Congress in which all the States are represented Now, just as many States were represented in the Congress which proposed this fourteenth amendment as in the Congress which proposed the thirteenth amendment by which slavery was abolished The argument tells just as strongly for the thirteenth amendment as the one resting it. It follows, therefore, on Democratic principles, that slavery is not abolished; and further, that if any State secedes or refuses to send representatives to Congress the remainder of the States are powerless to amend the Constitution until the recreant member is willing to return We say willing, because everybody knows the Democratic party scouts the idea of "coercion

Finally, the Secretary of State is to be ordered to transmit copies of this precious document to Washington Perhaps, however, he will not, for it is such a fool as this while to make himself ridiculous because the disciples of a Carolina rebel are so eager to do so. And if the Secretary of State at Washington gets a copy he will probably use it to light a cigar while the copy sent to Congress will either go under the table or on file as a curiosity in the room kept for the rebel archives

The *Bulletin* says that the yield of the Mount Diablo coal mines at the present rate of working, is about 250,000 tons per annum The coal is now laid down in the wharves at San Francisco, *for manufacturers'* use at $5 per ton Coal for steam purposes was never before so cheap in San Francisco as now There is too much sulphur in this coal to make it safe to carry on long voyages, and for this reason it is not much used for domestic purposes

The Great Railroad Struggle

The Salt Lake *Telegraph*, Brigham Young's organ, thus announces a new phase of the great struggle between the Union Pacific and Central Pacific Railroad Companies

The Union Pacific Railroad Company is said to have let the contracts for grading the line from Humboldt Wells The contractors who have been grading on Bitter Creek are moving their men westward, and will commence at an early day at Humboldt Wells and build eastward The statement gives an entirely different phase to the struggle between the two companies it becomes interesting

The Eastern company is evidently entering upon the strategic in this movement The Central Pacific Railroad, by commencing at Point Lookout and working westward, doubtless counted on the Union Pacific working westward from the mouth of Weber, and being obliged to meet them at some place east of Point Lookout if they were successful in getting further east or if the Central Pacific be unfortunate the Union Pacific do would only take a number of the grading west of Point Lookout The California representatives was just fixed in hoping this would settle the building question but the Eastern representatives appears to have taken a wider range and has concluded to take the apparent advantage out of the hands of the gentleman from California By building the Union Pacific Railroad from the west, the subject is now can the Central Pacific Company build from where they are now to Weber canyon before the Union Pacific Company can finish their grading in Weber Canyon and build the route from Humboldt Wells to the same point? Unless there is a compromise one of the companies will be beaten and badly hurt

It is now a fair race, and the winner gets the Government subsidy and holds the rail Laborers will be worth something when they both get fairly at it

Dix on Seymour

The recent letter of Gen Dix on Seymour will tell with great force against the latter among certain classes throughout the country and especially in the State of New York The name of Gen Dix is a power in his State and his intimate knowledge of Seymour and his forcible declaration that the so called model statesman has not a single qualification for the successful execution of the high official trust for which he has been nominated and that his election would be one of the greatest calamities that could befall the country, will arrest the attention and decide the votes of a large class of persons Gen Dix is the representative and leader of the "War Democracy, and his declarations against Seymour will confirm against the Democratic ticket very many persons who stood with the party of the Union during the war but who have been wavering since The party lines are being drawn exactly as they were in 1864 Nobody who supported Lincoln will vote for Seymour and Blair

A Powerful Argument for the Election of Seymour

The San Francisco *Call* urges as an argument for the election of Seymour that should he be placed in the Presidential chair, the Senate of the United States being largely Republican, "would have an emphatic check on any usurpation he might attempt!" Surely this is a weighty reason! The country is urged to elect Seymour, not because he is the man to give it peace, but because he will have no power to plunge it into revolution, not because he is indisposed to attempt usurpation or revolutionary measures, but because he will be unable to carry out a revolutionary programme A Republican Senate will be there to keep him straight and to curb his rebellious inclinations, then, says the Democratic organ why not elect him? It will be perfectly safe! Truly some of Seymour's friends do urge powerful reasons for his election!

Small Expectations

The Democrats say they did not expect anything from Maine Then why have they been including Maine in the column of States certain to go for Seymour? Yesterday the *Herald* said that Maine was "the very strongest of the strongholds of Radicalism" Yet within this very month (Sept. 2) it said the prospect was "much better" in Maine for Seymour and Blair than for Grant and Colfax How is the "prospect" now? Maine will probably be banished from the *Herald's* list of Democratic States for the future Or does that paper still maintain that "the prospect is much better for Seymour and Blair to carry all but four of the Northern States, than it is for Grant and Colfax to carry more than four of these of those States—Massachusetts Rhode Island, Vermont and Iowa?"

A BETTER DEMOCRAT, BUT AN ELDER.—Ex Gov Bigler, of California, was recently out ranked in New York. He was boasting of the soundness of his Democratic record, and asserting that during his entire political career he had never in State or National election voted other than the unprogressive Democratic ticket, when a young Democrat sprang to his feet and with some warmth said "Governor, I can go you a hundred better than that I served four years in the Confederate armies, and never missed my mark from the first shot to the last" Bigler was shashed, and quailed before the superior attainments of the young Democrat

A gallant soldier, of the old army of West Virginia, was approached by an insidious Copperhead, of one of the townships in Harrison county, with a plausible, "How are you John?" I reckon you are going to vote with us this Fall, ain't you?" "Do you think I'm fool enough to vote with you now, after fighting you for four years," was John's reply. "But you don't mean to say all Democrats are rebels?" "No but there are mighty few rebels who are not Democrats!" This was a settler. John intends to vote as he shot

The reborats are hoping for success on the ground that the people want a change in order to lighten the burden of taxation, etc An Ohio paper makes this comment on the Democratic hope:

"Well, the people of Ohio made a slight 'change' in 1867 and elected a Democratic Legislature By way of lightening the burdens of taxation that Legislature spent over $100,000 extra of the people's money during the first session, and they are going to meet again in November to repeat the experiment A few more 'changes' of that kind, and when the people pay their taxes they will have devilish little change left to bless themselves with

The Democratic papers give notice of a meeting to be held to night, at which we are informed that a Democrat of ability and prominence will hold forth to a select circle of admiring creditors

How a Great Soldier Talks

The following letter was sent by General George H Thomas to Senator Morton, of Indiana, and was read at the tremendous Republican mass meeting in Indianapolis, held a short time since

LOUISVILLE, KY Aug 7 1868

Messrs. John Coburn, O P Morton and A H Connor, Committee—

GENTLEMEN I have the honor to receive by this morning's mail your favor of the 5th inst, inviting me to join with the soldiers and sailors of Indiana in a mass convention, to be held at the city of Indianapolis, on the 2d day of September next Your very cordial invitation commands my sincere thanks, and, though, I take no part in politics permit me to express the great pleasure I have derived from observing the firm and almost universal support flored by the soldiers and sailors the nghout the country to all measures calculated to restore it to a condition of peace and quiet, thereby showing that these most willing to rest to the government in time of peril can be relied upon to inaugurate and sustain measures best calculated to maintain the peace and prosperity of the nation

I am, gentlemen, very respectfully, your obedient servant

GEORGE H THOMAS,
Major General United States Army

LETTERS FROM THE CAPITAL

SALEM Thursday, Sept 24 1868

The Democratic State Central Committee held a meeting in this city yesterday with a very slim attendance of members, though it is understood that many of the members were represented by proxy After considerable haggling among Democrats who ought to be patriotic upon party movements I am unable to state what was done or proposed to be done and I feel everybody else in the same predicament Many men who enjoy leading from ten to the party were so obvious of the fact that a meeting was to be held until reminded by inquiries, and totally ignorant of its purpose The general supposition is that the Committee was summoned to inaugurate the Presidential campaign in this State It is understood that the new word and fruitful Scheme is to be the grand or festival opening, to be followed by similar organs as often as the Central Committee's campaign whisky and will admit of The Legislature will probably only meet three days in November to enable the Democratic members to attend the Soldiers' Reunion and the Portland drunk as they may call it At all events that is the present understanding

IN THE HOUSE AN OYSTER BILL

Mr Bollinger presented a petition from certain persons of Yaquina Bay, representing that the oyster beds of that bay have been nearly destroyed by the dredging machines used in the fishery and praying for a law forbidding dredging in the oyster beds in this State and providing that no person shall engage in oyster fishing unless he has been a resident of the State for one year and of the county for six months The petitioners are evidently seeking a start in business

A WHITE HAWK FOR SCENE UPON THE CHINA "KAT"

Mr Chapman, this morning, introduced a bill to tax and regulate Chinamen and to prevent their employment in public works" If it pass, it will not wash "John" to a greater extent than he probably ever dreamed possible John will be squelched The bill provides that no Chinaman shall engage in any employment in this State without first taking out a license in his county at paying first $15 per month Violations of this are made punishable by fine or imprisonment and labor Any person employing a Chinaman who has no license to that to pay the amount of the license fees and costs of prosecution Vessels bringing Chinese immigrants must pay $100 a head for each Chinaman before landing them and there is also a heavy penalty No Chinaman shall ever be employed upon the public works of the State No officer shall administer to any Chinaman the oath of naturalization, under penalty of being thereby disqualified forever for holding office in the State The bill is not hospitable to the Celestial gentleman traveling for pleasure or profit and no such John however respectable his connections pecuniary or private at home shall be allowed to land on our sacred white soil unless he first exhibits his certificate—of good moral character perhaps—fully stamped with the great seal of the Emperor of the Chinese These several provisions if connected into a law, will have the effect to open John's opium very wide and to cause a general scamper among the rats The white hawk is fierce But there is little chance that the bill will pass The East Side Railroad men understand very well that one of the effects—if indeed it be not one of the purposes—of the bill would be to deprive them of the possibity of employing Chinese laborers and they are perhaps not quite prepared to go that length on the white goose which the West Side champions so demonstrative ly rides

INTRODUCTION OF BILLS

The members are going it in very free and easy style into the code—amending, repealing and making it chaotic

Twenty one bills have already been introduced in the House and nearly as many more in the Senate, a large number of which are fired plump into the code, knocking great holes into it and mending the breaches with the wadding of the charge The code will be none the better for all this you may be sure, for more than half these shots are fired by gunners of limited experience and with very little idea of what they are fired for, or what the effect will be It is some consolation, however, to know that many of these missiles are missiles will fall far short of the mark, though in ricocheting along toward it they may stir up a tremendous dust

Mr Burk introduced a bill this morning to amend the law relating to the exemption of home steads from execution Referred

Gray—A bill donating certain lands to the Dalles and Canyon City military road

White—A bill amendatory of the road laws

Taylor—A bill relating to licenses of peddlers

Cox—A bill appropriating $12,000 to pay the expenses of the Legislative Assembly The rules were suspended the bill passed

Cox—A bill to change the mode of voting from currency to that of balloting

Smith—a bill to amend the law relating to assessments

ADDITIONAL COMMITTEES

Mr Loudon introduced a resolution to amend the rule prescribing the number and names of the standing committees, and adding two others—the Committee on Railroads and Committee on Public Buildings The resolution was adopted

IN THE SENATE

Mr Crawford presented a petition praying for the levy of an additional tax of three mills, for school purposes

Mr Stout presented a remonstrance from citizens of Oregon City against vacating their city charter

The House bill to provide additional protection to fair grounds, was read twice, and meeting with some opposition, was referred to the Committee on Corporations

Senate concurred in House joint resolution requesting the Governor to communicate information concerning proceedings in the matter of the Carolina rebels

The House bill to appropriate $12,000 for expenses of the Legislature was read first time

The rest of the afternoon was spent in trifling over a House joint resolution to furnish the officers of the House and reporters with copies of the laws and journals.

BETTING ON THE ELECTION

I am informed that several Democrats of this city to day mustered courage and money enough to cover $2,500 offered by a young man arrived here recently from the States, that California will vote for Grant This is the first bet I have heard of here

Maine and Vermont

The following dispatches appeared in the Boston *Post* just prior to the elections in Vermont and Maine

LYNDON, (Vt.) Aug 31.—A very large number of the Conservative voters of Caledonia county held an outdoor convention here to day Colonel Thomas Nelson of Ryegate presiding Flags were flying with the names of Seymour and Blair The streets with village were made to ring with the thrilling sounds of fife and drum and the greatest enthusiasm prevailed

Hon J C Baker of Boston, spoke for an hour and a half delighting the immense audience by a logical and conclusive argument

The Democracy of this county are jubilant at the reduction of Republican majorities Fairbanks Heartburn in Lyndon and Mr Marshall of Danville, Democratic candidates for Representatives in this district, are elected by handsome majorities Gold and silver will be the watchword

An Indignant Oregonian

The Portland OREGONIAN is indignant at a letter written by a missionary to a San Francisco paper about Oregon as a missionary field The editor protests that Oregon is not a wilderness nor are its people ignorant barbarians or heathen The luckless correspondent describes customs current twelve years ago, as being now in vogue and sets the people down as being half civilized ignorant and prejudiced All this is denied by the OREGONIAN which is an able newspaper and is in itself evidence enough that it is correct in claiming that the people of Oregon are as cultivated and as far advanced as the people of any other State in the Union It needs only since the impression prevailed in many portions of the Atlantic States that California were scarcely barbarians, that they lived in tents and killed each other for ordinary amusement Superficial observers travel through a country of its people and its society and base their opinions upon what may have been written twenty years before by one who had participated in the wild scenes common to any newly settled country Misrepresentation is no less injurious because made through ignorance, and if a traveling missionary honestly writes that the people of Oregon are benighted, the result is the same as if a person had with malice given circulation to the statement In our Eastern exchanges in the course of a few months will probably appear among the news items one to the effect that Oregon is not yet perfectly civilized missionaries are needed there *Portland Argus*

The Sacramento *Reporter* has a sympathetic article headed 'The impoverished South,' and winds up by insisting those States must be restored immediately to help pay the National expenses and debt

The Hartford *Post* has a certain ticket thusly 'Horatio Seymour is not a parent now nor will he be apparent after the election" Frank Blair's head holds his tongue

TEETH EXTRACTED
By Dr. Richardson's Apparatus, Lately Improved by Dr. Koehler, with Ether Spray.

WILLIAM KOEHLER,
DENTIST.

OFFICE—Southwest corner Front and Yamhill streets, opposite K. J. Northrup & Co's Hardware Store

I am now making amongst numerous other styles of ARTIFICIAL TEETH the improved Vulcanite Plates of Dr. G. W. Cool's Patent, patented Dec 3, 1867, the improvement of which consists in lining the entire concave surface with fine gold. It not only makes the plate durable as strong and cleanlier than the common Vulcanite Plate. It also can by it be made considerably thinner and lighter, whereas the price is but little above that for common plates. Call and see specimens.

N. B.—Dentists wishing to secure the office right for Dr. G. W. Cool's Improved Vulcanite Plates can have it made out to them by applying to the office.

N. B.—To strangers I would say, that a constantly increasing Dental Practice for the last five years in this city will be a sufficient guarantee for them to receive a First Class and Finished Piece of Work. Numerous testimonials to the same can be given at the office.

G. VENARD,
CHARTRES COFFEE!
Manufactory Established in June, 1851.
STEAM POWER, NOS 823 AND 825 FRONT ST.

HAS CONSTANTLY ON HAND GROUND AND ROASTED COFFEE, GREEN COFFEE of the best qualities CREAM OF TARTAR and SPICES of all sorts.

The undersigned, who has always enjoyed public confidence for the excellent quality of his Coffee neglects nothing to justify the good name acquired by his productions, the sale of which daily increases. The acknowledged superiority of his merchandise, which commands here and in the markets of the interior a relatively higher price, excites the cupidity of some manufacturers, and every day he sees increasing the number of those who, by counterfeit or imitation of his name seek to deceive the public, palming upon them their inferior productions for the genuine G. VENARD CHARTRES COFFEE. This fraud can deceive nobody after a trial but only adds to the favorable opinion of the consumers, the very flattering though unwilling testimony of the counterfeiters. Nevertheless buyers should be forewarned, and placed on their guard against this practice

BEWARE OF COUNTERFEITS.

EXTINGUISHER PORTABLE

SELF-ACTING FIRE ENGINE

THIS INVENTION HAS FOR ITS OBJECT THE extinguishing of Fires in a more instantaneous manner than has hitherto been discovered.

The advantages to be derived from the use of the EXTINGUISHER are as follows

1st Every fire begins in a small mass, and its rapid and uncontrollable increase is owing to the fact that at the time of its commencement (when every moment s delay is checking it is of the utmost importance) no means are ready at hand

The EXTINGUISHER is the only Engine that fills this requirement

It is always ready for use, though standing caused for years

It puts out Fire instantly

It saves the great deluge of water now used for this purpose

It is as effective in the hands of a Boy as the most experienced Fireman

It is portable, and as easily handled as a bucket of water

It carries within itself the power of a force pump and is as effective as a Steam Engine

It is the only known invention that will put out Fire from Kerosene, Tar, Naphtaline, and combustible materials now in common use

PRICE—No 1, $50; No 2, $35; No 3 $20

REPORT OF THE DIRECTORS

OF THE

BANK OF BRITISH COLUMBIA,

(INCORPORATED BY ROYAL CHARTER,)

WHICH WAS ADOPTED AT THE

LAST GENERAL MEETING OF THE PROPRIETORS,

Held at the London Tavern, on Tuesday, 12th May, 1868.

THE DIRECTORS IN SUBMITTING THEIR HALF YEARLY STATEMENT OF ACCOUNTS HAVE TO report that after paying all charges and deducting interest on Billmarket at the Bank rate of 3 per cent per annum and 2½ per cent on the remainder of the deposits they have the pleasure to announce a profit for the half year ending 31st December last was £1 [illegible] 11s 1d which sum they propose dividing as follows viz

A dividend of 2½ per share, free of income tax, payable on and after the 1st June next £1 [illegible]
To Reserve Fund, the increase has been effected by the addition of the net profits of the half year £50,000
To Balance of Profit and Loss carried forward [illegible]

£1 [illegible] 11s 1d

The Directors have much pleasure in stating that the Branches and Agencies of the Bank generally are in a satisfactory condition, and that the business has been conducted with due regard to the interests of the Proprietors

The Directors have to report the loss by fire of the Bank premises at Victoria, which occurred on the night of the 5th of February last, and they have much satisfaction in stating that the Insurance Companies with which the property was insured have promptly and liberally settled the claim for the full amount

The Directors have appointed as Inspectors of Branches Mr Allan for Western Canada, gentlemen who have had long and extensive experience in the business of the Bank as well as Colonial Treasurer of Vancouver s Island

The Directors regret to have to announce the death of their colleague Mr Fraser

The retiring Directors are Mr Mackean and Mr Gray the former of whom being eligible, offers himself for re election

The Auditors will also have to be elected for the ensuing year

By Order of the Court,

HENRY ED RANSOM
General Manager
